www.promptcorner.com.au

Perth City Ballet would like to introduce you to their **SCHOOL DANCE INCURSIONS** program for 2011 with a wonderful line-up of presentations specially designed for primary school children.

Each School Dance Incursion has educational and health promotional support material for teachers, both pre- and post-production, based on the Curriculum Framework.

Children will interpret and explore art works by using direct experience, observations, curiosity, imagination and emotions through a range of creative processes.

Completely mobile and portable, *Perth City Ballet* provides all the necessary equipment for the entire performance. Schools need only provide a power point and performance area.
